To the Nurse Residency Selection Committee,

It is with great enthusiasm and deep respect that I write this letter of recommendation for Mrs. Charna Terveus. Having had the privilege of serving as her principal and observing her work firsthand as a science educator, I can confidently say that she is one of the most dynamic, trustworthy, and service-oriented professionals I have had the opportunity to work alongside. Mrs. Terveus is a gift to education, and I have no doubt she will bring that same excellence, compassion, and steady leadership to the nursing profession.

Throughout her time on our campus, Mrs. Terveus consistently demonstrated reliability, accountability, and professionalism of the highest standard. She approached her responsibilities with integrity and an unwavering commitment to what was best for students and colleagues. Even in challenging situations, she remained calm, solution-oriented, and focused on achieving positive outcomes. Her composure under pressure and ability to lead with clarity made her a trusted and respected presence among staff and students.

Mrs. Terveus is a natural leader who collaborates effectively, supports her peers, and consistently seeks the best outcome for all involved. She builds trust easily, particularly with vulnerable populations, through empathy, patience, and genuine care. As an educator, she created safe and supportive learning environments where students felt seen and valued, qualities that translate seamlessly into patient-centered care and the collaborative demands of nursing.

What sets Mrs. Terveus apart is her strong sense of purpose and commitment to service. She approaches challenges as opportunities to grow, demonstrates a strong moral compass, and remains dedicated to excellence in every role she undertakes. I believe wholeheartedly that she embodies the essential qualities of an exceptional healthcare professional: accountability, leadership, compassion, and resilience.

If given the opportunity, I would hire Mrs. Terveus again without hesitation. She consistently demonstrated the character, professionalism, and dedication that elevate any team she joins, and I am confident she will make a meaningful impact within your nurse residency program and beyond.

I offer my strongest recommendation of Mrs. Terveus. I am certain she will positively influence the patients and colleagues she serves. Please feel free to contact me if additional information is needed.

Excellence in Action,

Jasmine Ervins
